Dear Lightwave Customer,

Lightwave Communications, LLC ("Lightwave") and Broadview Networks, Inc. ("Broadview") are pleased to advise you that Broadview will acquire certain assets and customers of Lightwave's telecommunications business in your area. Following completion of the transaction, the service you currently receive from Lightwave will be provided by Broadview. Broadview prides itself on its ability to build long-term relationships with its customers and looks forward to serving you.

Subject to approval by the Federal Communications Commission and state regulators, the transaction is expected to be completed **on or after September 16, 2008**, at which time Broadview will become your service provider(s) as described above. **Please note that you are not required to do anything to continue receiving the high-quality service you have come to expect at the same competitive rates you currently pay.** In addition, you will not be charged any fees for the transfer of your service(s) to Broadview. If you have arranged a preferred carrier freeze through your local carrier with respect to any of the services involved in this transfer, such freeze will be removed in order to transition the services to Broadview; following the transfer, you must contact your local carrier to reinstate the freeze.

We are confident that this transaction will strengthen the quality of services that you receive from Lightwave today. Please be assured that there will be no interruption to your current Lightwave services when you are transferred to Broadview. You will continue to receive service from Broadview at the same rates, terms, and conditions under which you currently receive service from Lightwave. Notice of any future changes in the services you receive, or in the rates, terms, and conditions of those services, will be provided to you as required under applicable law.

We recognize that you have the right to change providers. We hope that you choose to remain a customer with Broadview and thereby continue to enjoy from Broadview the same high-quality communications services you currently receive from Lightwave. If you select another provider of your choice, however, you may incur additional charges. Lightwave will reimburse you only for any switchover fees incurred by you to migrate your service account to another telecommunications service provider, up to \$50 per residential line and \$100 per business service line, provided that the migration is completed by August 17, 2008. Please note that unless you

switch to a different local telephone provider by August 16, 2008, you will be transferred to Broadview. In order to be reimbursed for the switchover fees, you must submit documentation of such fees to Lightwave by September 10, 2008. Lightwave will reduce any existing balance by the amount of the validly submitted switchover fee.

Unless you switch to another carrier, all deposits and credits will follow your account to Broadview. If you switch to another carrier other than Broadview, deposits and credits will be applied to any outstanding balance and any applicable termination liabilities that may apply pursuant to your contract. Any remaining deposit or credit will be returned by check within 30 days following your transfer to your new telephone service provider.

Please be aware that you are responsible for paying all bills rendered to you by Lightwave during this transition. You may be subject to suspension or termination of your phone service in accordance with Commission rules if you fail to pay your telephone bill.

Prior to the actual transfer date, Lightwave will continue to be responsible for all customer service inquiries, complaints, billing issues and service questions, and you should contact your Lightwave's customer service representatives at 888-953-9300.
